

# SIVANATH SASTRI COLLEGE

## ADMISSIONS 2021-22

### REMINDER TO COMPLETE SUBJECT SELECTION UNDER CBCS SYSTEM

The Subject Selection Portal under CBCS System for admitted students who have completed payment of fees, was opened about a week ago. Since then, the majority of students have completed their subject selection.

However, it has been found that a number of students have yet to complete the subject selection and pay residual fees (if applicable). **All such students are required to complete the subject selection positively by 8 PM on 27.9.2021 (Monday).**

On Tuesday (28.9.2021) the subject selection portal may be closed. Lists of candidates who have opted for each subject will be shared with the relevant Departments and thereafter, it is expected that classes would begin very soon in all subjects. As such, students who do not complete their subject selection within the deadline risk missing out on classes and therefore, on attendance. The College will not be responsible for such lost attendance and may not entertain any requests for consideration of attendance.

*A separate notice will be given regarding the date, time and process by which classes will be started by the different Departments of the College.*

Dated : 24.9.2021
