

SIVANATH SASTRI COLLEGE

ADMISSIONS 2021-22

NOTICE REGARDING ADMISSION CANCELLATION APPLICATIONS

This is to inform all applicants for cancellation of admission that despite many warnings given through notices posted on the Admission portal, some applicants have not provided necessary documents required for verification of their cancellation applications. Such candidates have been approved without verification. Such candidates, whose names were provided in the last notice of this type, are informed that the College will not take any responsibility if, due to incorrect details entered by the candidate, the refund is not processed. No inquiries to this effect will be entertained.

All cancellation applications up to 5.11.2021 have been approved. Candidates can expect their refunds when they are processed. A notice to this effect will be duly posted when the refunds are being issued.

Candidates who plan to apply for cancellation of admission after 5.11.2021 are informed that the College will proceed with University Registration of students shortly. Hence, fresh cancellation applications may not be processed in time for such candidates to be removed from the College rolls before these are sent to the University for registration. Since the Cancellation portal has been open for two months and we have been approving cancellations punctually, the College will not take any responsibility if such late cancellations end up being registered by the University under Sivanath Sastri College.

Lastly, since the Principal, Dr. Runa Biswas, is unwell, all concerned are requested not to disturb her via phone or email. The Admission Helpline shall remain open on College working days from 12 PM to 4 PM to answer queries.
