ACTION TAKEN REPORT 2020-21

The academic year 2020-2021, like the previous one witnessed a complete suspension of all offline on campus curricular and co-curricular activities on account of the second wave of corona virus infection and the resulted extended lockdown. Classes and examinations were held through online mode and some online co-curricular activities were conducted during this period as well. Some developmental work were also undertaken during the said period. The digital mode of teaching helped the students to join in the teaching learning process with great enthusiasm. The IQAC has also undertaken several initiatives to ensure faculty development as well as students progression.

1. The College has successfully uploaded all pending AQAR to the NAAC portal during the year despite stringent lockdown restrictions under the initiative of IQAC.
2. Online routine and class schedules, framed by all academic departments were circulated among the students and the faculties to ensure regularity of classes.
3. The college held University conducted examinations through online mode and the teachers duly examined the answer-scripts and uploaded marks and other particulars within the time frame stipulated by the affiliating University.
4. The faculties and the students were encouraged to use newly acquired LMS software to supplement online teaching.
5. Regular online meetings of academic departments were held to review the efficacy of the online teaching and adopting suitable remedial measures to address any difficulty faced by the students.
6. Scholarships and fees concessions were given to deserving students.
7. Campus recruitments were conducted under a tie up with TCS.
8. Developmental Grants were received from external Corporate House.
9. Faculty members and the College authority actively encouraged the students to organize important days such as Rabindranath Tagore's birth anniversary, Sivanath Sastri Birth Anniversary.
10. General Students Feedback has been taken through online mode and the report has been assessed with due care.
11. A separate Student Feedback was taken to identify the problems faced by the students while attending online classes. Important inputs were received through this exercise and efforts to address them were undertaken. The number of academic departments had initiated remedial classes for the students who didn't follow the proceedings of online classes.
12. Training sessions for both teaching and non-teaching staffs were conducted to help the staff to use newly acquired MIS software.
13. A similar training exercise was conducted to help the Accounts Department staff to use HRMS system.
