

### 7.1.1 Safety and Security

Sivanath Sastri College is an exclusively women's college. The college authority looks into the security aspects of the staff and the students with utmost care. There are different levels of security screening for the students as well as the visitors in the college. A private security agency has been hired for this purpose, who man the main gate and different floors as well as the areas used by the students. Women security guard are deployed together with male guards in all such areas. That apart, CCTV cameras have been installed in different areas of the college premises including within the classrooms. The monitors of these cameras have been installed in the principal's room, from where different areas of the college can be watched.
