SIVANATH SASTRI COLLEGE

ADMISSIONS 2024-25

START OF OFFLINE CLASSES AND VERIFICATION OF STUDENTS ADMITTED DURING MOP-UP ROUND

This is to inform all students who have been admitted in the First Round or Upgrade Round and those whose document verification as completed between 31.7.2024 and 6.8.2024, that they are to begin their offline classes from 27.8.2024. Class routine will be provided in the respective Departmental groups.

Furthermore, students of B.A/B.Sc. Major and MDC (also known as Honours and MDC) are to indicate their subject choices through the Google Form being circulated in the respective Departmental groups. Once filled up, a copy of the responses will be sent automatically to the email address of the student. Please note that this step is mandatory in order to add the names of the students to the relevant subject lists.

Students who have taken admission between 21.8.2024 and 23.8.2024, or will take admission during the Mop Up Upgrade round, are to come for physical verification on 3.9.2024 at 7 AM. They are to proceed as per the instructions given by the security personnel at the gate. Documents to be carried for physical verification are indicated in a previous notice published on the website.

Once physical verification is done, students are to obtain the Verification certificate from the College Office. They are to come for classes on the next working day after the day of verification. No student will be allowed to attend classes without getting her verification completed. Any loss of attendance owing to delay in coming for verification or non-submission of requisite documents will be the responsibility of the student concerned.

Students who have not applied to the College in either the first round or Mop Up Round through the Central Admission Portal are not allowed to make any application through any means, online or offline, at the present time. They are to follow the College website from 7.9.2024 onwards for any information regarding further admissions.

All students, admitted in any admission round, must carry their Verification certificate (issued after completion of verification by the College) and furnish it at the College gate when they come to attend classes. No student will be allowed to attend classes if she does not carry the Verification certificate on her person. This is to be followed until the College issues Identification Cards (ID Cards) to the students at a later date.
