

## Report on the Extension Committee Activities:

The Extension Committee and the Department of Political Science, in collaboration with the Internal Quality Assurance Cell (IQAC), organized a one-day seminar on the theme "Human Rights and Children" on 2nd July, 2024. The esteemed resource person, Dr. Susmita Das, shared her invaluable insights and personal experiences in working with disadvantaged children residing in the Durgapur Station area, as well as first-generation learners from families of miners in Raniganj. Dr. Das elaborated on various approaches to effectively engage with these children and highlighted strategies to motivate them towards academic pursuits. Additionally, she presented an alternative educational curriculum specifically designed to cater to the needs of children from socio-economically marginalized backgrounds, making learning more accessible and comprehensible. The seminar was followed by an interactive question-and-answer session. Seventy two students across different departments and semesters joined the seminar.
