

Sivanath Sastri College

Department of Geography

Departmental Activities

Academic Year: 2024-2025

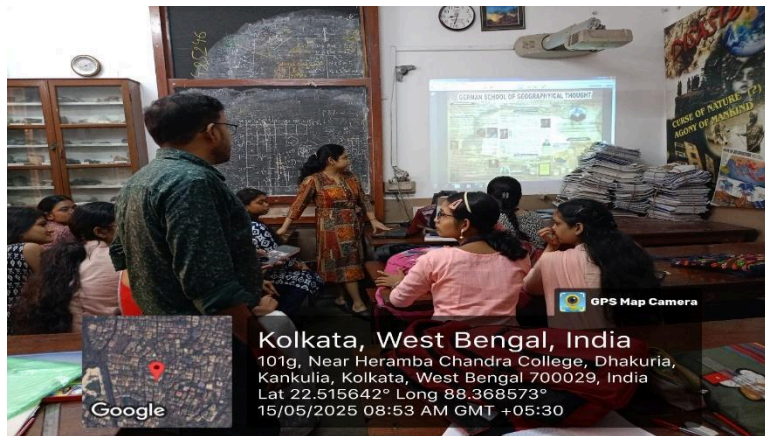

The department of Geography of Sivanath Sastri College was established in the year 1961. It offers Honours and Multidisciplinary courses that seek to inculcate a holistic understanding of the complex relationships between the physical and cultural landscapes, foregrounding the linkages between man and environment in modern contexts. Keeping in view the current technological advancements, students are provided with hands-on guidance for conducting GIS and remote sensing and different geographical instruments. This guidance prepares the students for a number of academic and professional opportunities. Furthermore, field excursions provide real-time experience to students to enable them to analyze practical applications related to their curriculum. With the introduction of 4-year Honours B.A./B.Sc. Course with Research in Geography, field excursions have become an integral part of the holistic learning process in the final Semester of their Course. On account of the efficient methodologies adopted by the Department for conducting the Courses, students have consistently performed well in their university examinations and have gone on to join various national and international universities for their further studies and employment.

Faculty of the Department of Geography with students in the Campus Hall in 2025.

| Date | Time (A.M.) | Name of the co-ordinating teacher | Activities |
|------------|-------------|--|---|
| 13.09.2024 | 9:30-10:30 | Sri Amal Mahato | Student Seminar, Sem-V (GIS and Remote sensing) |
| 24.09.2024 | 8:30-9:30 | Dr. Bhaswati Roy | Student Seminar, Sem-V (Research Methodology) |
| 12.11.2024 | 9:30-10:30 | Dr. Pradip Chandra Patra | Learning by teaching-student centric learning method for the students of Sem-V (based on Field work) |
| 30.11.2024 | 9:30-10:30 | Dr. Hasibur Rahaman Molla | Learning by teaching-student centric learning method for the students of Sem-V (based on LULC features from satellite image) |
| 06.12.2024 | 8:30-9:30 | Dr. Bhaswati Roy | Learning by teaching-student centric learning method for the students of Sem-III (based on Identification of Rocks and Minerals). |
| 07.01.2025 | 9:30-10:30 | Dr. Bhaswati Roy | Learning by teaching-student centric learning method for the students of Sem-III and Quiz contest on Interior of the earth |
| 13.01.2025 | 8:30-9:30 | Sri Amal Mahato | Learning by teaching-student centric learning method for the students of Sem-III and Quiz contest on Folds |
| 27.01.2025 | 8:30-9:30 | Dr. Pradip Chandra Patra | Learning by teaching-student centric learning method for the students of Sem-III and Quiz contest on Folds |
| 20.03.2025 | 8:30-9:30 | Dr. Bhaswati Roy | Learning by teaching-student centric learning method for the students of Sem-VI |
| 22.03.2025 | 7:45-8:30 | Dr. Hasibur Rahaman Molla | Learning by teaching-student centric learning method for the students of Sem-VI and Quiz contest on landslide |
| 03.04.2025 | 7:00-8:30 | Dr. Pradip Chandra Patra | Learning by teaching-student centric learning method for the students of Sem-VI and Quiz contest on Biohazard |
| 22.04.2025 | 9:30-10:30 | Sri Amal Mahato | Student Seminar, Sem-VI (Resource conflict and management). |
| 15.05.2025 | 7:00-8:30 | Dr. Hasibur Rahaman Molla & Dr. Pradip Chandra Patra | Poster on field visit to Jalpaiguri District by the students of Sem-VI |
| 15.05.2025 | 7:00-8:30 | Dr. Pradip Chandra Patra & Dr. Hasibur Rahaman Molla | Poster on German School of thought by the students of Sem-VI |

A few glimpses of the departmental activity

Poster presentation of semester-VI students was held on 15.05.2025 under the guidance of Dr. Pradip Chandra Patra.

A Quiz Competition was organized for Semester-VI students on the topic “Evolution of Geographical Thought” on 7.5.2025.

Students of Semester-VI presented a Field Report on 15.5.2025 under the guidance of Dr. Pradip Chandra Patra and Dr. Hasibur Rahman Molla.
