

SIVANATH SASTRI COLLEGE

ADMISSIONS 2026

CLOSURE OF ADMISSION HELPLINE

In order to assist students in proceeding with application, admission and verification processes under the Centralized and Decentralized Admission Portals, the Nodal Officer, the Convener, Admission Sub-Committee, along with fellow faculty members, have provided a dedicated admission helpline for the past few months. It is sincerely hoped that the Admission Helpline has been useful to the students seeking admission to the College.

As the College is on the cusp of closing for Puja Vacation, it is necessary to remind students and their parents that the Admission Helpline shall be closed on and from the date on which the Vacation begins. Since no admission process is currently in progress and multiple stages of admission have been successfully completed, the Helpline's core purpose has largely been fulfilled.

Helpline members continue to receive some queries relating to the cancellation of admission under WBCAP and registration processes. It may kindly be noted that the Admission Helpline members will not be able to provide any assistance in this regard since registration falls within the purview of the College Office whereas cancellations carried out via the WBCAP portal are processed by the portal directly. Neither process involves the admission machinery of the College.

If, in the event that any student continues to harbour any doubt or confusion relating to her admission, she may kindly contact the College Helpline number or write to admissions@sivanathsastricollege.ac.in. While the Helpline will officially cease to function with the advent of the Puja Vacation, mails received on the aforementioned address shall be replied to, subject to the availability of relevant personnel.

The College wishes to thank all stakeholders of the Admission process for their patience, cooperation and due diligence, which have allowed us to complete multiple stages of the admission process in an efficient and transparent manner.
